CONFIDENTIAL

KARAN SHARMA
Friends Corner, DY Patil College Rd, Akurdi, Pune
Pune, Maharashtra 411035

Dear KARAN:

We are pleased to extend you an offer to join ZS Associates India Private Ltd. ("ZS") as a Data Science Associate in our Business Consulting group, to be based in our Pune office with a start date of April 4, 2022. We hope that you give this opportunity with ZS serious consideration.

ZS has a special culture of collaboration and innovation. We produce work of outstanding quality, and we focus on learning, self-improvement and expertise to achieve that result.

Salary: Your annual gross salary will be INR ₹1,250,000.00/Annually, inclusive of basic and fixed allowances; all associates are paid on the last working day of every month. ZS reviews salaries each June, which is effective 1st July, provided you were employed at ZS by March 31 in that year; the raise is pro-rated if your employment tenure is fewer than 12 months. For salary details, please refer to Appendix 1.

Performance Bonus: ZS associates receive performance bonuses at the end of each year, based on eligible wages earned during the calendar year. During your initial 12 months, this bonus will be up to 10% of your base salary income earned. Your performance and the company's results will determine your incentive compensation.

Emerging Leader Reward Program (ELRP): The expertise you gain over your tenure is valuable to ZS and we recognize your continued commitment and progression towards becoming a future leader in the firm. ZS rewards this expertise through a tenure-based incentive of total INR 9 lacs, which begins after 12 months' tenure and is paid at every one-year milestone till 48 months of your tenure with ZS India. Should your employment with ZS terminate (other than a dismissal by ZS without cause), and if you don't complete 36 months of continuous full-time employment with ZS from the time of your ELRP pay-out, then you will be expected to return the last pay-out of ELRP in its entirety.

PRINCIPAL
D. Y. PATIL COLLEGE OF ENGG
AKURDI, PUNE-411044

All bonuses are determined at the discretion of ZS, and are subject to standard withholding taxes.

Provident Fund: When you begin employment with ZS, you will be enrolled in the Provident Fund program. The primary objective of this program is to provide retirement and pension support as per the Provident Fund Act, while reducing current tax exposure. As a participant, you will make 12% contributions on the first INR ₹15,000 of your monthly salary through payroll deduction; ZS makes a separate additional matching contribution to your account. You can opt for additional contributions to your Fund account through payroll deduction.

Gratuity: After you complete five years of continuous service, ZS will pay 15 days' salary for every completed year of service at the time of retirement or separation. The maximum amount payable is governed by the Gratuity Law.

In addition to components of the offer detailing direct compensation described above, this offer also includes elements describing non-cash benefits of employment with ZS. You will be eligible for all of the following benefits as of your start date with ZS. Benefits described are subject to taxes based on the prevailing government guidelines.

Annual Leave, Holidays and Sick Time: We provide 25 days of paid annual leave per year, inclusive of privilege and casual leave, on a pro-rata basis. In addition, ZS has designated paid holidays and permits up to seven paid sick days per year.

Insurance: We offer a group insurance plan to cover hospitalization expenses for employees and immediate dependents may also be added. Additionally, ZS provides some preventive healthcare coverage (Health Check-Up, OPD (Outpatient Department) coverage, mental well-being and care, etc.). ZS provides accident insurance and business travel insurance for employees. ZS also provides life insurance coverage in the amount of three times your annual gross salary, with ZS paying these premiums in full.

Meals and Transportation: ZS will provide an additional food allowance of INR 5500 in your monthly compensation. This allowance can be used to buy food in the cafeteria or outside the office premises as per the flexibility when working from office or remotely as required under the ZS's hybrid working model. The food allowance will be considered as taxable income. ZS will also provide shared daily commute transit for employees within defined geographic zones. For details please refer to Appendix 2.

Broadband access: ZS will provide a broadband allowance of INR ₹1,500 per month through payroll. We will also reimburse a one-time 'installation charge' of INR ₹500 against the receipt from your broadband service provider. We expect that you install a high-speed broadband connection at home to enable you to work remotely for project demands, and recommend at least a 2.0 MBPS wired connection. ZS retains the right to conduct random audits to ensure appropriate use of the allowance.

Finally, the following elements of your offer relate to logistics: getting you to ZS and getting you started.

at the time you join. This offer is contingent upon successful completion of a background verification. If you have any questions about any of the elements of this offer, or would like to discuss the job further, please do not hesitate to contact me.

We look forward to you joining ZS and helping ZS (and you!) continue to grow and prosper in the future!

Sincerely,

Tarun Pandey
Office Managing Principal

Notice Period: ZS expects that experienced hires serve out their notice period with their current employer, however, ZS may opt to buy-out your notice period. If you do not start employment with ZS or then complete one full year (12 months) of continuous full-time employment with ZS immediately after that point for any reason (except for involuntary termination of your employment by ZS), then you agree to repay to ZS any buyout amount in its entirety.

Confidentiality and Employment Agreement: Our work at ZS often involves the use of confidential information of our clients, as well as the development and use of ZS proprietary software and processes. For you to start employment with ZS, you will be required to sign the employment agreement. If you have questions regarding this agreement, please do not hesitate to ask.

ZStart and Orientation: New associates who begin employment between ZStart sessions participate in an office-based Orientation program to gain a basic understanding of ZS culture and work. The ZStart Academy program, held several times per year is designed to provide a deeper view of the issues you will solve and the skills you will develop at ZS. Both sessions provide an excellent opportunity to get to know other new ZS associates.

Start Date and Formalities: We propose a start date of April 4, 2022, contingent on your current employment arrangement. Please ensure that you report for work on the date indicated.

This offer is subject to verification of original certificates of educational qualifications and other documents listed below. At the time of joining, you are required to bring the following:

- o Original certificates of all educational qualifications, each with a scanned copy
- o Aadhar Card
- o Proof of age (Pan Card or Passport scanned copy)
- o Relieving letter scanned copy (if employed)
- o Scanned copy of the latest salary slip from your current employer (if employed)
- o Two passport-size photographs

We are pleased by the prospect of you starting your ZS career in this position. If you decide to accept this offer, please sign this letter electronically through DocuSign to return it to us. Should you decide not to accept, please decline through DocuSign so that your offer is closed.

Please know that we would like to hear from you regarding your decision as soon as possible. We will consider this offer to be valid until January 6, 2022.

The elements of this offer are personal and specific to you and, accordingly, we do not consider them appropriate to be shared with colleagues or the public. All details conveyed in this offer are based on our understanding of your availability and likely start timing. We describe benefits and conditions currently in force as of today and expected to be ongoing

Personal and Confidential

Dear Ramvinay:

At AMD India Private Limited ("AMD") we believe that a great company is made up of great people. In that spirit, we are pleased to extend to you this offer of employment to join our innovative company. The details of this offer are outlined below (unless otherwise specified, all monetary amounts are in India's local currency):

The Position

Your AMD job title will be that of Silicon Design Engineer 2, reporting to Saurabh Bhandari, PMTS Silicon Design Engineer. You will be a member of our Design function and will work at our Bangalore facility.

This is a Full-time position.

Effective Date

Your employment will commence on June 6, 2022, or at another mutually acceptable date.

Duties and Hours of Work

Your responsibilities and duties would be intimated to you upon commencement of your employment. The Company is however permitted to assign you additional tasks, to modify or remove your assigned duties, without additional compensation to you.

The working hours shall be in accordance with the standard working hours applicable to your department or section. You also agree that AMD may transfer your work place and work assignment, as necessary for the business needs, subject to applicable law.

Compensation

Cost To Company (CTC): You will be paid an annualized salary of ₹1,853,121.21 INR, less statutory deductions as required by law. Please see ANNEXURE for details.

All payments in this offer are subject to deductions and withholdings required by law. Your salary will be subject to

AKC
PRINCIPAL
D. Y. PATIL COLLEGE OF ENGG
AKURDI, PUNE-411044

regular review and any increases will be within AMD's sole discretion.

Annual Incentive Plan

You will be eligible to participate in Advanced Micro Devices Inc.'s Annual Incentive Plan (Bonus Plan), in accordance with the terms and conditions of the Bonus Plan document. Your initial target bonus opportunity will be 9% of your annual base pay. If your date of hire is October 1 or later, you will not be eligible to participate in the Bonus Plan for this year (and there will be no payout in respect of this year), but your eligibility will begin next year in accordance with the Plan terms. All Bonus Plan payments are at the discretion of AMD management and may be adjusted based on job performance, business conditions and/or employment. All Bonus Plan payments are subject to deductions and withholdings required by law.

All Bonus Plan payments are subject to deductions and withholdings required by law. If applicable to you, any Bonus Plan payment you receive shall be in lieu of, and in satisfaction of (in whole or in part), any entitlement you may have to statutory bonus under the *Payment of Bonus Act*. If any Bonus Plan payment you receive is less than the amount as required by the *Payment of Bonus Act*, then AMD will pay the differential, if any, between the Bonus Plan payment and the amount to which you may be entitled pursuant to the *Payment of Bonus Act*.

Sign-on Bonus You will also receive a one-time gross sign-on bonus of ₹350,000.00 INR ("Bonus") (subject to deductions and withholdings as required by law) to be paid within 30 days of your date of hire at AMD. Although you will receive this bonus within 30 days of your hire date, the bonus is only earned in its entirety when you have been employed at AMD for two full years from the bonus payment date. If your AMD employment terminates prior to two years from the bonus payment date, you must repay to AMD all or a prorated amount of the bonus according to the terms and conditions of the enclosed Sign-on Bonus Agreement. You must sign, date and return the enclosed Sign-on Bonus Agreement along with this executed offer letter.

Relocation Expenses

AMD will reimburse for packing and moving your personal effects from [current location to Recruited Location]. Should you resign from AMD within one (1) year of your hire date, you will be required to reimburse the complete amount to AMD. Reimbursement may be deducted from your final employment earning, for which, by signing below, you give AMD consent to do so.

Holidays and Leave

You will be entitled to holidays and leave rules as per the Company's policies.

Benefits

AMD will provide only those benefits as outlined in the Annexure.

Probation

Under mutual agreement, you will be on probation for a period of 6 months from the date of commencement of your employment. Upon completion of the 6-month period of probation, you shall be deemed to be confirmed without any further notice from the Company. However, the Company may, at its sole discretion, and having regard to your performance during probation, extend the period of your probation by giving you notice of such extension in writing.

Termination

Your employment with the Company may be terminated by either you or the Company by providing sixty (60) days prior written notice, or by payment of salary in lieu of notice. The Company reserves the right to terminate your employment summarily without notice or payment in lieu of notice, if it has reasonable grounds to believe that you are guilty of misconduct or negligence, or have committed any breach of this agreement.

Background Check and Export License Requirement

This offer is contingent upon you successfully passing a background investigation in accordance with applicable laws. As lawfully permitted, this background investigation includes an investigation of previous education and previous employment history. The results of this investigation may result in employment being ended in any probationary period in accordance with applicable law.

Company policy, as amended from time to time.

LETTER OF RECOMMENDATION

To whom it May Concern,

It is our great pleasure to recommend Ms. SRISTI PRASAD, as a possible future asset to your organization. Srsti is pursuing Bachelor from DY Patil College Of Engineering, Pune and worked under our supervision during the internship period from 15/02/20 to 15/04/20.

She worked as a **Business Development Executive** and I am pleased to inform you that she was a highly contributing member who went above and beyond to learn, take up tasks, and execute said tasks with diligence. Srsti showed **good presentation skills** and helped the organization gain new clients and encouraging extant clients to purchase added products or features, and remaining abreast of changes in consumption.

Srستي played a key role in preparing lists of potential clients and approach them with positivity and confidence. She showed punctuality and the work ethic expected of a working professional and brought fresh inputs to the table.

We wish for her continued success in her future endeavors. Should you have any questions, do contact us and we would be happy to give further details.

Best Regards,
Dr. Y. U. A.

Objectives of Expert Lecture

Despite the rapid advancement of information and networking technologies, which has resulted in the existence of ubiquitous computing, there are still many legal, ethical, and technological barriers that preclude society from reaping the benefits of such advancement so it is important to understand what are Ethical Issues in Ubiquitous Computing and how they can be avoided.

Topics covered in session

Expert Lecture on the topic "Ethical Issues in Ubiquitous Computing", on 7th April 2022 was organized in Department of Information Technology. Ms. Ramita Mitra, Project Manager from Accenture Bengaluru, was the resource person. All the students of the IT Final Year attended the talk and interacted with the resource person.

Ms. Ramita, discussed it is worth noting that, despite progress in ubiquitous computing, the sector continues to confront challenges in areas like human-machine interfaces and data security, as well as technical impediments that cause concerns with availability and reliability.

Ubiquitous computing, encompassing a broad range of applications and technologies, can be looked at through a number of lenses, when examining the ethical implications and the effects it may have on social inclusion. Technologies, an engineer might well state, are agnostic as to their ethical use or misuse, and the ways in which technologies are applied to solve certain problems or serve certain market segments define how they perform on an ethical basis. However, many of the technologies that contribute to ubiquitous computing are, by their nature, capable of either supporting key ethical principles or contributing to misuse in one or more ways, some of which are:

- Freedom from harm
- Respect for human dignity
- Informed consent
- Right to self-determination
- Right to privacy
- Social and e-Inclusion and accessibility

Despite the rapid proliferation of smart devices today, making ubiquitous computing available to everyone with a comprehensive infrastructure and ease of use is a difficult undertaking. Senior persons and individuals living in rural areas are still at a disadvantage, which must be addressed if ubiquitous computing is to be adopted in a healthy way.

Earlier, Mrs. Amita Jajoo, Asst Professor, IT Dept., welcomed the resource person and gathering with brief introduction of Ms. Ramita Mitra and at the end proposed vote of thanks.

Aim and objective of Intro session:

The objective of this expert lecture is to disseminate the knowledge of security in operating system by using different methods and techniques followed in industry.

Brief about session:

Security refers to providing safety for computer system resources like software, CPU, memory, disks, etc. It can protect against all threats, including viruses and unauthorized access. It can be enforced by assuring the operating system's integrity, confidentiality, and availability. If an illegal user runs a computer application, the computer or data stored may be seriously damaged.

The speaker explained in detail topics related to security in operating system. First she explained importance of security in Operating system. Then she continued with the threats and attacks that frequently occurred in OS. Later on, she explained how to ensure security in operating system by using different techniques such as authentication, keys, firewalls etc.

The above points were explained in depth in the session!

Aim and objective of Intro session:

The objective of this intro session was to familiarize the student of our college with the idea and aims of the Google Developer Student Club. All the domain leads also introduced themselves in this session.

Brief about intro:

Google Developer Student Club - DYPCOE is a community based groups for students interested in Google developer technologies. Students from all undergraduate programs with an interest in growing as a developer are welcome. By joining a GDSC, students grow their knowledge in a peer-to-peer learning environment and build solutions for local businesses and their community.

Nikhil explained all the ideas we have in store for students and how we aim to increase the overall engagement of the students, in turn up lifting the community!

Aim and objective of Intro session:

The objective of this session was to get the students of our college started with their journey of Opensource and collaborative journey.

Brief about session:

Git is a version control system used for tracking changes in computer files. It is generally used for source code management in software development:

- Git is used to track changes in the source code
- The distributed version control tool is used for source code management
- It allows multiple developers to work together
- It supports non-linear development through its thousands of parallel branches

About Version Control

What is "version control", and why should you care?

Version control is a system that records changes to a file or set of files over time so that you can recall specific versions later. For the examples in this book, you will use software source code as the files being version controlled, though, in reality, you can do this with nearly any type of file on a computer.

The objective of this session was to get the students of our college started with their journey of Android Development & Resources provided by Google.

Brief about the session:

Throughout this 61 day-long event we focused on helping learners to get started with Android App Development with the help of the resources provided from Google in the form of Android Study Jams.

We officially conducted 4 Guidance/Teaching sessions and 1 unofficial chit-chat session for doubt clearing & general discussions. At the end of this event

Android App Development Industry is taking a boom in the market since the adaption of Kotlin as the official language for the same. Learning App Development using Kotlin is made easier by google with their Android Study Jams event.

We guided students about the following topics in the event

- What is Android App Development, What is the roadmap
- How to follow Android Study Jams course
- How one will be able to develop own apps at the end of this course

About Android Study Jams

Android Study Jams is the event conducted by Google each year globally.

Following resources/rewards are provided by Google for learners

- Introductory course of Android Development with Kotlin
